YACHT DESCRIPTION:

Architect:	Chaser Yachts	Material:	GRP
Internal Furniture:	N/A	External Hull Colour:	White

The Chaser 54 Laguna M/Y PRIMERO is a beautifully maintained, high-performance day boat that blends luxury with practicality. Powered by twin Mercury V12 600 hp engines, it cruises comfortably at over 40 knots with a top speed exceeding 50 knots. Customised to the owner's preferences, it features a portside fold-down terrace, a spacious U-shaped sofa, an extendable aft sunbed, and a galley with three fridges and an ice maker. The open cabin includes a full bathroom, with a forward locker convertible to a bed. Built in aluminium with 20 layers of paint, it's lighter, quieter, and easier to maintain - perfect for stylish, effortless cruising.

LAYOUT:

The layout of M/Y PRIMERO is designed to maximise outdoor enjoyment while maintaining practical comfort below deck. The cockpit centres around a generous U-shaped seating area that converts easily for dining or relaxation, complemented by an extendable aft sunbed and a portside fold-down terrace that expands the living space at anchor. The galley is efficiently integrated on deck, well equipped for day use and entertaining. Below, the open-plan cabin offers a full bathroom and a forward area that can be converted into a berth, providing flexible accommodation for overnight stays.

BROKER COMMENTS:

After a fantastic day aboard the Chaser 54 Laguna, I can say it's a rare gem - modern, efficient, and beautifully built in aluminium. With top materials, smart features, and clean Dutch design, it's a stylish performer and a smart choice for those who value quality and individuality.
